

# CHATEAU D'ARCINS

HAUT-MÉDOC  
CRU BOURGEOIS

If one estate more than any other has reason to pride itself on its ancestry, that estate must be Château d'Arcins. Its roots can be traced back to 1300, when a vineyard was established here under the instructions of the Knights Templar. In 1971, when it was acquired by the Castel family, it was in need of a complete overhaul, inside and out. This they did in style, introducing a system destined to be imitated by their most prestigious competitors; in the 1980s they created the first ever circular vinification chamber. At the centre stands the famous blending vat, with a capacity of more than 2,000 hectolitres, which ensures optimal homogeneity for all the blends bottled here. On entering Château d'Arcins, you enter the world of the great Crus Bourgeois of the Haut Médoc, whose reassuringly traditional style combines strength and elegance.

## THE VINEYARD

The property comprises more than 170 hectares, 100 hectares of which are planted with vines, at a density of more than 9 600 plants per hectare. The vines are tended with great care; de-budding, de-leaving and green harvests result in concentrated grapes ripened to perfection. The sandy gravel of the terroir has its own role to play in bringing out the characteristic style of Château d'Arcins. The varietals grown are 55% Cabernet Sauvignon and 45% Merlot.

## THE CELLAR

Extensive renovation work has been undertaken since 1971, not least to the vinification chamber, with its revolutionary architecture in the round. In the future, all fermentation will be temperature regulated for best possible control of alcoholic and malo-lactic content. The barrel cellar now also has a marvellous area housing over 1,500 oak barrels designed for careful, sustained maturing.

## BEHIND THE SCENES

With his green felt cap set at a jaunty angle, **Bruno Teyssier** greets his visitors with the unassuming air of a back-room employee. Bruno has only ever known this establishment - he has been shaping the destiny of Château d'Arcins wines for the last 23 years. He declares that, "winemaking is his joy", and that he "loves to make wine loves happy." He is a man of ambition, determined to stay true to the spirit of Château d'Arcins, but dreams of extending its range of wines in pursuit of ever greater elegance.

Since 2007, consultant oenologist **Antoine Medeville** has been working alongside Bruno Teyssier, perfecting the methods used to create and mature the wines here. Antoine Medeville specialises in wines of the Médoc, and is highly knowledgeable about the terrors of Margaux, Moulis and Listrac. Now one of the co-owners of Château Fleur-La-Mothe, he has also brought his considerable skills to bear at the Châteaux of Labégorge, Fonréaud and Haut-Marbuzet.

#### TO SERVE:

17 °C

5 - 12 years

13 % vol

2 hours

#### TASTING NOTES

Château D'Arcins 2014 shows a sumptuous deep purple colour.

Appealing notes of black fruit and mocha on the nose.

A powerful palate with elegant tannins, brightened by notes of eucalyptus adding freshness and complexity.

#### FOOD/WINE PAIRINGS

Home made terrines, slow-cooked lamb, duck wrapped in bacon, good cuts of beef, game, traditional cuisine and mature cheeses.

## VINTAGE FOCUS - 2014

The year was divided into two very distinct 'seasons': the growing season which got off to a dank, cold start, and the hot, sunny weather that followed at the end of summer and beginning of autumn. These sharply contrasting conditions have shaped the character of 2014's wines.

- Cool temperatures inhibited shoot growth; growth was particularly slow in April and May as both months were cold and damp.
- As the weather warmed up the vines began to grow more rapidly, notably from June 10th onwards. June remained warm and sunny.
- Temperatures fell again in July, and growth slowed once more.
- There was little rainfall as grapes ripened.
- September and October weather was exceptionally dry and sunny, and unlike the right bank, the left bank was spared September's 50mm rainstorm.

#### Vineyard Management

- Early bud break.
- Merlots and Cabernets flowered well at the beginning of June.
- Leaves were thinned on one side at the end of July/beginning of August.
- Veraison (colour change) was late but progressed evenly.
- Little pressure from fungal disease at the end of the cycle.
- September successfully triggered the ripening process

#### Vinification and Blending

- Harvesting progressed with no complications.
- Traditional vinification, with methods tailored specifically to suit the vintage.
- Temperatures of around 28°C.
- An extended period of post-fermentation maceration (28 days)
- This is a classic vintage, typically 'Médoc' in character, with Merlot providing fruity flavour and Cabernet Sauvignon driving structure.
- Aged in French oak barrels for 14-16 months..

#### HARVEST DATES

Merlot: 1st - 6th October  
Cabernet: 6th – 10th October

#### BLEND

**Merlot : 50%**  
**Cabernet-Sauvignon: 50%**

#### TERROIR

Sandy gravel and chalky clay

#### OUR EXPERTS SAY

Bruno Teyssier  
Director

Antoine Médeville  
Winemaking Consultant

"When the grape harvest is of such high quality, winemaking is an absolute delight. It was a pleasure to blend the mellow, fruit-packed Merlots with the Cabernet Sauvignons which had been helped along no end by the Indian summer. They give the Château d'Arcins wines good depth of colour, along with complexity on the nose and density on the palate."

**October 2016 Issue:** "The 2014 d'Arcins has adequate blackberry and briary scents on the nose, hints of tobacco and cigar box coming through with time. The palate is medium-bodied with fine tannin, classic in style with good substance, well judged acidity and firm but unimposing backbone on the finish. This is a very fine Haut Medoc."

Tasted September 2016."
